

# QUALITY DIGITAL TECHNOLOGIES PROFESSIONAL LEARNING

PROUDLY SUPPORTED BY DLTV

## DIGITAL TECHNOLOGIES & CYBERSECURITY REGIONAL DAY WARRNAMBOOL

This full day event hosted in Victoria's South West Region brings together teachers and curriculum leaders to discover ways to implement **Digital Technologies and ICT capabilities** in Primary and Secondary schools, as well as a virtual session on **cybersecurity careers and classroom resources**.

See practical examples for addressing both the Digital Technologies curriculum and ICT capabilities in Primary and Secondary classroom contexts. Also explore how robotics hardware and software can be used across different learning areas.

Receive an overview of the Australian Signals Directorate's CyberEXP online career awareness program. This will include background information on ASD's mission, a program overview, importantly its application in the classroom, the instructor dashboard and resources for teachers.
